Preface . . . . .	xxvii
Acknowledgments . . . . .	xxix

## SECTION I APPROACH TO THE PATIENT WITH RHEUMATIC DISEASE . . . . . 1

### 1. Physical Examination of the Musculoskeletal System . . . . . 1

*Kenneth E. Sack, MD*

Inspection 1	Temperature 2
Swelling 1	Creptus 2
Color Changes 1	Range of Motion 2
Deformity 1	Neurologic Testing 2
Muscle Wasting 2	The Physical Examination 2
Palpation 2	Back & Neuromuscular System of the Lower Extremity 2
Tenderness 2	Upper Extremities 4
Swelling 2	

### 2. Joint Aspiration & Injection . . . . . 12

*Kenneth H. Fye, MD & Kirsten Morehead, MD*

Diagnostic Indications for Aspiration 12	Synovial Fluid Analysis 18
Therapeutic Indications for Aspiration or Injection 14	Synovial Biopsy 21
Technique 14	

### 3. Laboratory Diagnosis . . . . . 22

*John B. Imboden, MD*

Autoantibodies 22	Antibodies to Scl-70 (Topoisomerase-I) 26
Methods for Detecting Autoantibodies 22	Antibodies to Other Nucleolar Antigens 27
Rheumatoid Factor 22	Antibodies to Histones 27
Associated Conditions 22	Myositis-Associated Antibodies (See Chapter 35) 27
Indication 22	Anti-Jo-1 & Other Antisynthetase Antibodies 27
Interpretation of Results 23	Antibodies to Signal Recognition Particle 27
Antibodies to Cyclic Citrullinated Peptides 23	Anti-Mi-2 Antibodies 27
Associated Conditions 23	Antineutrophilic Cytoplasmic Antibodies 27
Indication 23	Measurement of the Acute Phase Response 27
Interpretation of Results 23	C-reactive Protein 28
Antinuclear Antibodies 24	Erythrocyte Sedimentation Rate 28
Associated Conditions 24	Measurements of Complement 28
Indications 24	The Complement System 28
Interpretation of Results 24	Indications for Measurements of Complement 28
Antibodies to Defined Nuclear Antigens 24	CH 50 29
Antibodies to Double-Stranded DNA 24	C4 Levels 30
Antibodies to Sm & RNP 25	C3 Levels 30
Antibodies to Ro (SS-A) & La (SS-B) 26	Cryoglobulins 30
Anticentromere Antibodies 26	Classification 30
Antibodies to Nucleolar Antigens 26	Measurement 30

## 4. Approach to the Patient with Arthritis . . . . . 32

*John B. Imboden, MD*

Types of Arthritis 32

Inflammatory versus Noninflammatory Arthritis 32

Constitutional Symptoms 32

Extra-Articular Manifestations 32

Comorbid Conditions 32

Acute Arthritis 33

Acute Monoarthritis 34

Initial Clinical Evaluation 34

Differential Diagnosis 34

Acute Oligoarthritis 35

Initial Clinical Evaluation 35

Differential Diagnosis 36

Acute Polyarthritis 36

Initial Clinical Evaluation 36

Differential Diagnosis 36

Chronic Monoarthritis 37

Initial Clinical Evaluation 37

Differential Diagnosis 37

Chronic Oligoarthritis 38

Initial Clinical Evaluation 38

Differential Diagnosis 39

Chronic Polyarthritis 39

Initial Clinical Evaluation 39

Differential Diagnosis 40

## 5. Approach to the Adolescent with Arthritis . . . . . 42

*Peggy Schlesinger, MD*

General Considerations 42

Evaluation 42

Juvenile Idiopathic Arthritis 42

Infections 43

Mechanical Mimics 43

Rheumatic Diseases &amp; Syndromes 45

School Issues 46

Developmental Stages of Adolescence 46

Vocational Issues 46

## 6. The Patient with Hand, Wrist, or Elbow Pain . . . . . 48

*E. Gene Deune, MD, & Daniel Most, MD*

Terminology 48

Assessment of the Patient 48

Examination of the Hand 48

Neurologic Causes of Pain 49

Median Nerve Compression at the Wrist (Carpal Tunnel Syndrome)  
49

Clinical Findings 50

Treatment 51

Compression of the Ulnar Nerve at the Wrist

(Guyon Canal Syndrome) 52

Clinical Findings 52

Treatment 52

Compression of the Ulnar Nerve at the Elbow 53

Clinical Findings 53

Treatment 53

Compression of the Superficial Radial Nerve at

the Distal Forearm 53

Radial Nerve Compression 54

Treatment 54

Reflex Sympathetic Dystrophy (See Chapter 63) 54

Tendinitis and Tenosynovitis 54

Trigger Finger (Stenosing Tenosynovitis) 55

Clinical Findings 55

Treatment 55

De Quervain Tenosynovitis 55

Clinical Findings 55

Treatment 56

Medial &amp; Lateral Humeral Epicondylitis 56

Clinical Findings 56

Treatment 56

Ganglion Cysts 56

Treatment 57

Arthritis &amp; Osseous Causes of Pain 57

Basilar Thumb Osteoarthritis (Thumb Carpometacarpal

Joint Osteoarthritis) 57

Clinical Findings 57

Treatment 58

Nodal Osteoarthritis 58

Treatment 58

Vascular Causes of Pain 58

## 7. Approach to the Patient with Ankle &amp; Foot Pain . . . . . 60

*William M. Jenkin, DPM*

Ankle Pain 60

Intra-Articular Causes of Ankle Pain 60

Clinical Findings 60

Differential Diagnosis 60

Treatment 61

Extra-Articular Ankle Pain 61

Posterior Medial Ankle Pain 63

Clinical Findings 63

Treatment 64

Clinical Findings 64

Treatment 65

Clinical Findings 65

Treatment 65

Lateral Ankle Pain 66

Clinical Findings 66

Treatment 67

Clinical Findings 67

Treatment 68

Heel Pain 68

Retrocalcaneal Pain 68

Infracalcaneal Pain 69

Plantar Fasciitis 70

Clinical Findings 70

Treatment 70

Entrapment Neuropathy of the Infracalcaneal Nerve

(Distal Tarsal Tunnel Syndrome) 71

Clinical Findings 71

Treatment 71

- Fat Pad Atrophy 71
  - Clinical Findings 71
  - Treatment 71
- Haglund Deformity, Retrocalcaneal Bursitis, & Pre-Achilles Bursitis 71
  - Clinical Findings 72
  - Treatment 72
- Achilles Tendinitis 72
  - Clinical Findings 72
  - Treatment 73
- Subtalar Joint & Midfoot Disorders 74
- Forefoot Pain 74
  - Metatarsalgia 74
  - Metatarsal Stress Fracture 74
    - Clinical Findings 74
    - Treatment 74

- Metatarsophalangeal Joint Stress Syndrome 75
  - Clinical Findings 75
  - Treatment 76
- Morton Neuroma 76
  - Clinical Findings 76
  - Treatment 76
- Deep Peroneal Nerve Entrapment 76
  - Clinical Findings 76
  - Treatment 77
- Hallux Limitus & Hallux Rigidus 77
  - Clinical Findings 77
  - Treatment 78
- Hallux Valgus 79
  - Clinical Findings 79
  - Treatment 79
- Relevant World Wide Web Sites 79

**8. Approach to the Painful Shoulder . . . . . 80**  
*Robin V. West, MD, & Mark W. Rodosky, MD*

- Interview 80
- Physical Examination 80
  - Inspection 80
  - Palpation 80
  - Range of Motion 81
- Neurologic Examination 82
- Specialty Tests 82
- Vascular Examination 85
- Imaging 85
- Diagnosis & Treatment 86
  - Cervical Pathology 86

- Neurologic Disorders 86
- Congenital Anomalies 87
- Arthritis 87
- Trauma 88
- Instability 88
- Rotator Cuff Pathology 89
- Adhesive Capsulitis 90
- Tumor 90
- Injection Techniques 91
- Summary 91

**9. Approach to the Patient with Neck Pain . . . . . 93**  
*David Borenstein, MD*

- Initial Evaluation 93
  - History 93
  - Physical Examination 93
  - Laboratory Tests 95
  - Imaging Studies 95
  - Special Tests 95
- Disorders Requiring Urgent Evaluation 95
  - Cervical Myelopathy 96
  - Clinical Findings 96
- Neck Pain Associated with Systemic Medical Illness 96

- Clinical Findings 96
- Acute Neck Pain Due to a Probable Mechanical Disorder 97
  - Nonoperative Therapy 97
- Persistent Neck Pain 97
  - Neck Pain Predominant 98
    - Differential Diagnosis & Treatment 98
  - Arm Pain Predominant 98
    - Differential Diagnosis & Treatment 98
  - Relevant World Wide Web Sites 99

**10. Approach to the Patient with Low Back Pain . . . . . 100**  
*Rajiv K. Dixit, MD*

- Clinical Findings 100
- Differential Diagnosis 103

- Treatment 107
- Relevant World Wide Web Sites 110

**11. The Patient with Hip Pain . . . . . 111**  
*Ilksen Gurkan, MD, & Simon Mears, MD, PhD*

- Clinical Findings 111

**12. Approach to the Patient with Knee Pain . . . . . 123**  
*Carl A. Johnson, MD*

- Initial Clinical Assessment 123
- History 123
- Physical Examination 124
- Septic Arthritis 125
  - Clinical Findings 127
  - Differential Diagnosis 127

- Arterial Occlusion 127
  - Clinical Findings 127
- Anterior Knee Pain 127
  - Clinical Findings 127
  - Differential Diagnosis 129
- Bursitis or Tendinitis 129

**x / CONTENTS**

Clinical Findings 129  
Differential Diagnosis 130  
Internal Derangement of the Knee 130  
Clinical Findings 130  
Differential Diagnosis 131  
Osteoarthritis of the Knee 135

Clinical Findings 135  
Differential Diagnosis 135  
Inflammatory Arthritis of the Knee 136  
Clinical Findings 136  
Differential Diagnosis 136

**13. The Patient with Diffuse Pain . . . . . 138**

*John B. Winfield, MD*

Fibromyalgia 138  
General Considerations 138  
Pathogenesis 138  
Clinical Findings 140  
Differential Diagnosis 142  
Treatment 142  
Complications 144  
When to Refer to a Specialist 145  
Prognosis 145  
Relevant World Wide Web Sites 145

**14. Pregnancy & Rheumatic Diseases . . . . . 146**

*Pin Lin, MD, Phyllis N. Bonaminio, MD, & Rosalind Ramsey-Goldman, MD, DrPH*

Systemic Lupus Erythematosus 146  
General Considerations 146  
Family Planning 146  
Prenatal Evaluation 147  
Special Problems 148  
Managing the SLE Flare 150  
Antiphospholipid Antibody Syndrome 154  
General Considerations 154  
Laboratory Findings 156  
Treatment 156  
Rheumatoid Arthritis 156  
General Considerations 157  
Special Problems 157  
Management of the RA Flare 157  
Spondyloarthropathies 157  
General Considerations 158  
Managing a Spondyloarthropathy Flare 158  
Scleroderma 158  
General Considerations 159  
Managing the Symptoms Caused by Scleroderma 159  
Other Rheumatic Diseases 159  
Dermatomyositis & Polymyositis 159  
Vasculitis 159

**SECTION II RHEUMATOID ARTHRITIS & SPONDYLOARTHROPATHIES . . . . . 161**

**15. Rheumatoid Arthritis: The Disease—Diagnosis and Clinical Features . . . . . 161**

*James R. O'Dell, MD*

General Considerations 161  
Clinical Findings 161  
Making the Diagnosis 167  
Comorbidity 169  
Complications 169  
Prognosis 169  
Treatment 169  
Relevant World Wide Web Site 169

**16. Treatment of Rheumatoid Arthritis . . . . . 170**

*James R. O'Dell, MD*

Comorbidity 173  
Prognosis 174  
Relevant World Wide Web Site 174

**17. Ankylosing Spondylitis and the Arthritis of Inflammatory Bowel Disease . . . . . 175**

*Jennifer D. Gorman, MD, MPH & John B. Imboden, MD*

The Spondyloarthropathies 175  
Ankylosing Spondylitis 175  
General Considerations 175  
Clinical Findings 176  
Differential Diagnosis 180  
Treatment 180  
Complications 181  
Enteropathic Arthritis 182  
Relevant World Wide Web Sites 182

<b>18. Reactive Arthritis</b> . . . . .	<b>183</b>
<i>Gordon K. Lam, MD, &amp; Clifton O. Bingham III, MD</i>	
General Considerations 183	Treatment 185
Clinical Findings 184	Prognosis 186
Differential Diagnosis 185	
<b>19. Psoriatic Arthritis</b> . . . . .	<b>187</b>
<i>Gordon K. Lam, MD, &amp; Clifton O. Bingham III, MD</i>	
General Considerations 187	Differential Diagnosis 190
Clinical Findings 187	Treatment 190
<b>20. Adult Still Disease</b> . . . . .	<b>193</b>
<i>Peggy Schlesinger, MD</i>	
General Considerations 193	Differential Diagnosis 194
Clinical Findings 193	Treatment 194
<b>21. Juvenile Idiopathic Arthritis</b> . . . . .	<b>196</b>
<i>Peggy Schlesinger, MD</i>	
General Considerations 196	Differential Diagnosis 201
Laboratory 199	Complications 201
Imaging 199	Treatment 201
Special Tests 199	
<b>SECTION III LUPUS &amp; RELATED AUTOIMMUNE DISORDERS</b> . . . . .	<b>203</b>
<b>22. Systemic Lupus Erythematosus</b> . . . . .	<b>203</b>
<i>Michelle Petri, MD, MPH</i>	
General Considerations 203	When to Refer to a Specialist 209
Clinical Findings 204	Prognosis 209
Differential Diagnosis 208	Relevant World Wide Web Sites 210
Complications 208	
<b>23. Treatment of Systemic Lupus Erythematosus</b> . . . . .	<b>211</b>
<i>Maria Dall'Erà, MD, &amp; David Wofsy, MD</i>	
Constitutional Symptoms 211	Basic Principles 213
Cutaneous Manifestations 211	Proliferative Lupus Nephritis 213
Sun Protection 211	Membranous Lupus Nephritis 214
Topical Therapies 211	Neuropsychiatric SLE 214
Systemic Therapies 212	Hematologic Manifestations 215
Musculoskeletal Manifestations 212	Uncommon Complications 215
Serositis 213	Pediatric SLE 217
Renal Disease 213	Future Developments 217
<b>24. Antiphospholipid Antibody Syndrome</b> . . . . .	<b>218</b>
<i>Michelle Petri, MD, MPH</i>	
General Considerations 218	Treatment 220
Clinical Findings 218	Complications 220
Differential Diagnosis 219	Prognosis 220

**xii / CONTENTS**

<b>25. Raynaud Phenomenon</b> . . . . .	<b>222</b>
<i>Sangeeta Dileep Sule, MD, &amp; Fredrick M. Wigley, MD</i>	
General Considerations	222
Clinical Findings	222
Differential Diagnosis	225
Treatment	225
Complications	227
Relevant World Wide Web Sites	227
<b>26. Scleroderma</b> . . . . .	<b>228</b>
<i>Laura K. Hummers, MD, &amp; Fredrick M. Wigley, MD</i>	
General Considerations	228
Clinical Findings	228
Differential Diagnosis	234
Treatment	234
Prognosis	236
Relevant World Wide Web Sites	236
<b>27. Primary Sjögren Syndrome</b> . . . . .	<b>237</b>
<i>Manuel Ramos-Casals, MD, PhD, &amp; Josep Font, MD, PhD</i>	
General Considerations	237
Clinical Findings	237
Differential Diagnosis	242
Diagnosis	242
Complications	243
Treatment	244
Relevant World Wide Web Sites	245
<b>28. Polymyositis &amp; Dermatomyositis</b> . . . . .	<b>246</b>
<i>Alan N. Baer, MD, &amp; Robert L. Wortmann, MD</i>	
General Considerations	246
Clinical Features	246
Differential Diagnosis	250
Treatment	254
Complications	254
Relevant World Wide Web Sites	255
<b>29. Relapsing Polychondritis</b> . . . . .	<b>256</b>
<i>John H. Stone, MD, MPH</i>	
General Considerations	256
Clinical Findings	256
Differential Diagnosis	258
Treatment	258
Complications	258
<b>SECTION IV VASCULITIS</b> . . . . .	<b>259</b>
<b>30. Introduction to Vasculitis: Classification &amp; Clinical Clues</b> . . . . .	<b>259</b>
<i>David B. Hellmann, MD</i>	
General Considerations	259
Classification	259
Epidemiology	260
Clinical Findings	260
Differential Diagnosis	262
Treatment	262
Relevant World Wide Web Sites	262
<b>31. Giant Cell Arteritis &amp; Polymyalgia Rheumatica</b> . . . . .	<b>263</b>
<i>David B. Hellmann, MD</i>	
General Considerations	263
Clinical Findings	263
Making the Diagnosis	266
Differential Diagnosis	267
Treatment	268
Complications	269
Relevant World Wide Web Sites	269
<b>32. Takayasu Arteritis</b> . . . . .	<b>270</b>
<i>David B. Hellmann, MD</i>	
General Considerations	270
Pathogenesis	270
Clinical Findings	270
Differential Diagnosis	273
Treatment	274
Prognosis	275
Relevant World Wide Web Sites	275

<b>33. Wegener Granulomatosis</b> . . . . .	276
<i>John H. Stone, MD, MPH</i>	
General Considerations 276	Complications 283
Clinical Findings 276	When to Refer to a Specialist 283
Differential Diagnosis 281	Relevant World Wide Web Sites 284
Treatment 282	
<b>34. Microscopic Polyangiitis</b> . . . . .	285
<i>Geetha Duvuru, MD, &amp; John H. Stone, MD, MPH</i>	
General Considerations 285	Treatment 290
Clinical Findings 286	Complications 290
Differential Diagnosis 289	Relevant World Wide Web Sites 291
<b>35. Churg-Strauss Syndrome</b> . . . . .	292
<i>Philip Seo, MD, MHS, &amp; John H. Stone, MD, MPH</i>	
General Considerations 292	Treatment 295
Clinical Findings 292	Complications 296
Differential Diagnosis 295	Relevant World Wide Web Sites 296
<b>36. Polyarteritis Nodosa</b> . . . . .	297
<i>John H. Stone, MD, MPH</i>	
General Considerations 297	Complications 302
Clinical Findings 297	Prognosis 302
Differential Diagnosis 301	Relevant World Wide Web Sites 302
Treatment 301	
<b>37. Mixed Cryoglobulinemia</b> . . . . .	303
<i>Geetha Duvuru, MD &amp; John H. Stone, MD, MPH</i>	
General Considerations 303	Treatment 306
Clinical Findings 303	Complications 307
Differential Diagnosis 306	Relevant World Wide Web Sites 307
<b>38. Hypersensitivity Vasculitis</b> . . . . .	308
<i>John H. Stone, MD, MPH</i>	
General Considerations 308	Treatment 310
Clinical Findings 308	Complications 310
Differential Diagnosis 309	Relevant World Wide Web Sites 310
<b>39. Behçet Disease</b> . . . . .	311
<i>David B. Hellmann, MD</i>	
General Considerations 311	Diagnosis & Differential Diagnosis 313
Epidemiology 311	Treatment 316
Etiology & Pathogenesis 311	Course & Prognosis 316
Clinical Findings 311	Relevant World Wide Web Site 316
<b>40. Henoch-Schönlein Purpura</b> . . . . .	317
<i>Geetha Duvuru, MD, &amp; John H. Stone, MD, MPH</i>	
General Considerations 317	Treatment 320
Clinical Findings 317	Complications 320
Differential Diagnosis 319	Relevant World Wide Web Site 320

xiv / CONTENTS

41. Vasculitis of the Central Nervous System . . . . . 321  
*David B. Hellmann, MD*

- General Considerations 321
- Clinical Findings 321
- Diagnostic Criteria 324
- Differential Diagnosis 324
- Treatment 325
- Prognosis 325
- Relevant World Wide Web Site 325

42. Buerger Disease . . . . . 326  
*John H. Stone, MD, MPH*

- General Considerations 326
- Clinical Findings 326
- Differential Diagnosis 328
- Treatment 329
- Complications 329
- Relevant World Wide Web Site 329

43. Miscellaneous Forms of Vasculitis . . . . . 330  
*Philip Seo, MD, MHS, & John H. Stone, MD, MPH*

- Rheumatoid Vasculitis 330
  - General Considerations 330
  - Pathogenesis 330
  - Clinical Findings 330
  - Differential Diagnosis 331
  - Treatment 331
  - Prognosis 332
- Cogan Syndrome 332
  - General Considerations 332
  - Pathogenesis 332
  - Clinical Findings 332
  - Differential Diagnosis 333
  - Treatment 334
  - Complications 334
  - Prognosis 334
- Urticarial Vasculitis 334
  - General Considerations 334
  - Pathogenesis 334
  - Clinical Findings 334
- Differential Diagnosis 335
- Treatment 335
- Prognosis 335
- Erythema Elevatum Diutinum 335
  - General Considerations 335
  - Pathogenesis 335
  - Clinical Findings 336
  - Differential Diagnosis 336
  - Treatment 336
  - Complications 336
  - Prognosis 336
- Drug-Induced ANCA-Associated Vasculitis 336
  - General Considerations 336
  - Pathogenesis 337
  - Clinical Findings 337
  - Differential Diagnosis 337
  - Treatment 337
  - Prognosis 337

SECTION V DEGENERATIVE JOINT DISEASE & CRYSTAL-INDUCED ARTHRITIS . . . 339

44. Osteoarthritis . . . . . 339  
*David T. Felson, MD, MPH*

- General Considerations 339
- Epidemiology 339
- Pathogenesis 340
- Prevention 340
- Clinical Findings 341
- Differential Diagnosis 342
- Treatment 343
- Complications 343
- Future Directions 344
- Relevant World Wide Web Sites 344

45. Gout . . . . . 345  
*Sherri Sanders, MD, & Robert L. Wortmann, MD*

- General Considerations 345
- Clinical Findings 345
- Diagnosis & Differential Diagnosis 348
- Treatment 349
- Complications 351

46. Pseudogout: Calcium Pyrophosphate Dihydrate Crystal Deposition Disease . . . . . 353  
*Jeffrey S. Alderman, MD, & Robert L. Wortmann, MD*

- General Considerations 353
- Clinical Findings 353
- Diagnosis & Differential Diagnosis 356
- Treatment of CPPD Crystal Deposition 356
- Complications 356

<b>SECTION VI INFECTION</b> . . . . .	<b>359</b>
<b>47. Septic Arthritis &amp; Disseminated Gonococcal Infection</b> . . . . .	<b>359</b>
<i>Monica Gandhi, MD, MPH, &amp; Richard Jacobs, MD, PhD</i>	
Septic Bacterial Arthritis 359	Clinical Findings 365
General Considerations 359	Differential Diagnosis 367
Pathogenesis 359	Treatment 367
Clinical Findings 361	Prognosis 368
Differential Diagnosis 362	Prosthetic Joint Infections 368
Treatment 363	General Considerations 368
Complications 364	Clinical Findings 369
Prognosis 364	Differential Diagnosis 370
Disseminated Gonococcal Infection 364	Treatment 370
General Considerations 364	Complications 370
Pathogenesis 365	Prognosis 371
<b>48. Lyme Disease</b> . . . . .	<b>372</b>
<i>Linda K. Bockenstedt, MD</i>	
General Considerations 372	Differential Diagnosis 378
Pathogenesis 373	Treatment 380
Prevention 373	Complications 381
Clinical Findings 374	Prognosis 382
Symptoms & Signs 374	Relevant World-Wide Web Sites 382
Laboratory Findings 376	
<b>49. Mycobacterial &amp; Fungal Infections of Bone &amp; Joints</b> . . . . .	<b>383</b>
<i>Henry F. Chambers, MD, &amp; John B. Imboden, MD</i>	
Infections with <i>Mycobacterium</i> Tuberculosis 383	Treatment 386
Spinal Tuberculosis (Pott Disease) 383	Complications 386
General Considerations 383	Other Forms of Musculoskeletal Tuberculosis 386
Clinical Findings 383	Nontuberculous Mycobacteria 386
Differential Diagnosis 384	Treatment 386
Treatment 384	Fungal Infections 386
Complications 384	Histoplasmosis 386
Tuberculous Arthritis 385	Coccidioidomycosis 386
General Considerations 385	Blastomycosis 387
Clinical Findings 385	Cryptococcosis 387
Differential Diagnosis 385	Relevant World Wide Web Site 387
<b>50. Rheumatic Manifestations of Acute &amp; Chronic Viral Arthritis</b> . . . . .	<b>388</b>
<i>Dimitrios Vassilopoulos, MD</i>	
Hepatitis C Virus 388	Complications 391
General Considerations 388	Prognosis 391
Pathogenesis 388	Parvovirus B19 392
Prevention 388	General Considerations 392
Clinical Findings 389	Pathogenesis 392
Laboratory Findings 389	Prevention 393
Differential Diagnosis 389	Clinical Findings 393
Treatment 389	Laboratory Findings 393
Prognosis 389	Differential Diagnosis 393
Hepatitis B Virus 390	Treatment 394
General Considerations 390	Complications 394
Pathogenesis 390	Prognosis 394
Prevention 390	Other Viruses 394
Clinical Findings 390	Alphaviruses 394
Laboratory Findings 390	Rubella Virus 394
Differential Diagnosis 391	Human T-Lymphotropic Virus Type I 395
Treatment 391	

**51. Evaluation of Rheumatic Complaints in Patients with HIV . . . . . 396**

*Khalil G. Ghanem, MD, Dimitrios Vassilopoulos, MD, & Kelly A. Gebo, MD, MPH*

- General Considerations 396
- Pathogenesis 396
- Joint Complaints: Arthralgias, Arthritis, & Spondyloarthropathies 396
  - HIV Painful Articular Syndrome 396
  - HIV-Associated Arthritis 397
  - HIV-Associated Acute Symmetric Polyarthritis 397
  - Adhesive Capsulitis 397
  - Psoriatic Arthritis 398
  - Reactive Arthritis & Other Spondyloarthropathies 398
  - Other Considerations 398
- Disorders of Bone 398
  - Osteopenia & Osteoporosis 398
  - Osteonecrosis 399
  - Other Bone Disorders 399
- Disorders of Muscle 399
  - Initial Clinical Considerations 399
  - Differential Diagnosis 399
  - Other Rheumatologic Conditions 401
  - Vasculitis Syndromes 401
  - Differential Diagnosis 401
  - Laboratory Evaluation 402
  - Imaging Studies 402
- Sicca Syndrome 402

- Physical Interventions 515
  - Acupuncture 515
  - Tai Chi 516
  - Yoga 516

## SECTION XI THERAPIES . . . . . 519

## 67. Medications . . . . . 519

- Nonsteroidal Anti-Inflammatory Drugs 519
  - John B. Imboden, MD*
- Systemic Glucocorticoid Therapy: Prednisone, Prednisolone, & Methylprednisolone 522
  - John B. Imboden, MD*
- Methotrexate (MTX) 525
  - John B. Imboden, MD*
- Leflunomide (Arava) 527
  - John B. Imboden, MD*
- Sulfasalazine (SSA) 528
  - John B. Imboden, MD*
- Antimalarial Drugs: Hydroxychloroquine (Plaquenil) & Chloroquine 529
  - John B. Imboden, MD*
- Intravenous Immune Globulin (IVIG) 530
  - Fiona A. Donald, MD*
- Abatacept (Orencia) 531
  - John B. Imboden, MD*
- Cyclophosphamide (CYC; Cytoxan) 532
  - John H. Stone, MD, MPH*

- Chlorambucil (CHL; Leukeran) 536
  - John H. Stone, MD, MPH*
- Azathioprine (AZA; Imuran) 537
  - Philip Seo, MD, MHS, & John H. Stone, MD, MPH*
- Mycophenolate Mofetil (MMF; CellCept) 539
  - Philip Seo, MD, MHS, & John H. Stone, MD, MPH*
- Rituximab (Rituxan) 541
  - John H. Stone, MD, MPH*
- Allopurinol 543
  - David B. Hellmann, MD*
- Colchicine 544
  - David B. Hellmann, MD*
- Anti-Tumor Necrosis Factor Agents 546
  - Jonathan Graf, MD*
- Bisphosphonates: Etidronate (Didronel), Pamidronate (Aredia), Alendronate (Fosamax), Risedronate (Actonel), Ibandronate (bovina), & Zoledronic acid (Zometa) 548
  - Dolores Shoback, MD*
- Parathyroid Hormone (1–34), Teriparatide (Forteo) 552
  - Dolores Shoback, MD*
