# Ophthalmology

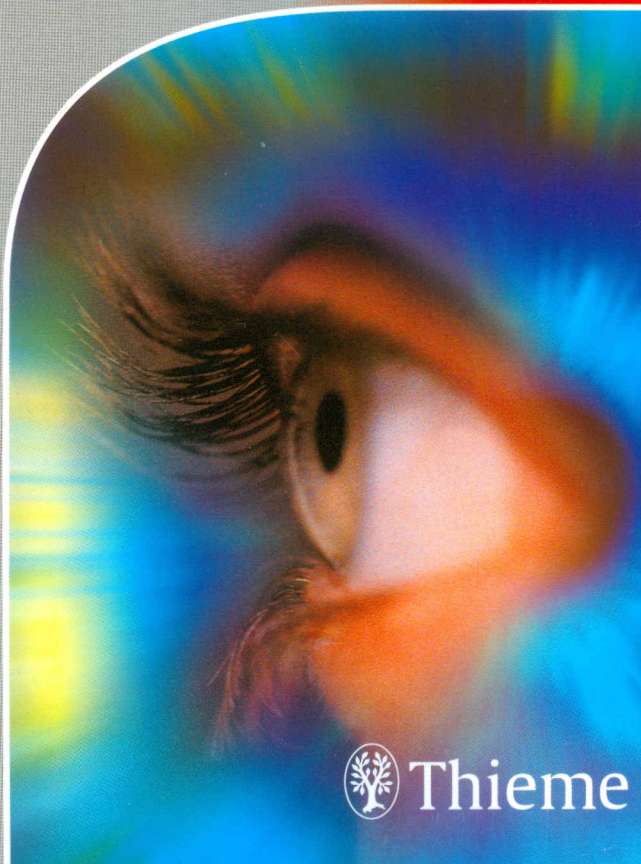

A Pocket Textbook Atlas

G. Lang

2nd edition

clinical science

Thieme

# Contents

**Glossary** ... XXIII

**Anatomic Overview** ... XXVI

## **1 The Ophthalmic Examination** ... 1

*Gabriele E. Lang and Gerhard K. Lang*

- 1.1 Equipment ... 1
- 1.2 History ... 3
- 1.3 Visual Acuity ... 3
- 1.4 Ocular Motility ... 5
- 1.5 Binocular Alignment ... 6
- 1.6 Examination of the Eyelids and Nasolacrimal Duct ... 6
- 1.7 Examination of the Conjunctiva ... 7
- 1.8 Examination of the Cornea ... 10
- 1.9 Examination of the Anterior Chamber ... 11
- 1.10 Examination of the Lens ... 12
- 1.11 Ophthalmoscopy ... 12
- 1.12 Confrontation Field Testing ... 13
- 1.13 Measurement of Intraocular Pressure ... 14
- 1.14 Eyedrops, Ointment, and Bandages ... 15

## **2 The Eyelids** ... 17

*Peter Wagner and Gerhard K. Lang*

- 2.1 Basic Knowledge ... 17
- 2.2 Examination Methods ... 19
- 2.3 Developmental Anomalies ... 20
  - Coloboma ... 20
  - Epicanthal Folds ... 21
  - Blepharophimosis ... 21
  - Ankyloblepharon ... 22

- 2.4 Deformities ... 22
  - Ptosis ... 22
  - Entropion ... 24
  - Ectropion ... 28
  - Trichiasis ... 29
  - Blepharospasm ... 30
- 2.5 Disorders of the Skin and Margin of the Eyelid ... 30
  - Contact Eczema ... 30
  - Edema ... 31
  - Seborrheic Blepharitis ... 32
  - Herpes Simplex of the Eyelids ... 33
  - Herpes Zoster Ophthalmicus ... 34
  - Eyelid Abscess ... 36
  - Tick Infestation of the Eyelids ... 36
  - Louse Infestation of the Eyelids ... 37
- 2.6 Disorders of the Eyelid Glands ... 37
  - Hordeolum ... 37
  - Chalazion ... 38
- 2.7 Tumors ... 40
  - Benign Tumors ... 40
  - Ductal Cysts ... 40
  - Xanthelasma ... 40
  - Molluscum Contagiosum ... 41
  - Cutaneous Horn ... 41
  - Keratoacanthoma ... 41
  - Hemangioma ... 43
  - Neurofibromatosis (Recklinghausen Disease) ... 44
  - Malignant Tumors ... 45
  - Basal Cell Carcinoma ... 45
  - Squamous Cell Carcinoma ... 46
  - Adenocarcinoma ... 47

**3 Lacrimal System ... 49**

*Peter Wagner and Gerhard K. Lang*

- 3.1 Basic Knowledge ... 49
- 3.2 Examination Methods ... 52
  - Evaluation of Tear Formation ... 52
  - Evaluation of Tear Drainage ... 53
- 3.3 Disorders of the Lower Lacrimal System ... 57
  - Dacryocystitis ... 57
  - Acute Dacryocystitis ... 57
  - Chronic Dacryocystitis ... 58

- Neonatal Dacryocystitis ... 60
- Canaliculitis ... 60
- Tumors of the Lacrimal Sac ... 61
- 3.4 Lacrimal System Dysfunction ... 61
  - Keratoconjunctivitis Sicca ... 61
  - Illacrimation ... 63
- 3.5 Disorders of the Lacrimal Gland ... 63
  - Acute Dacryoadenitis ... 63
  - Chronic Dacryoadenitis ... 64
  - Tumors of the Lacrimal Gland ... 65
  
- 4 Conjunctiva** ... 67
  - Gerhard K. Lang and Gabriele E. Lang*
  
  - 4.1 Basic Knowledge ... 67
  - 4.2 Examination Methods ... 68
  - 4.3 Conjunctival Degeneration and Aging Changes ... 69
    - Pinguecula ... 69
    - Pterygium ... 70
    - Pseudopterygium ... 72
    - Subconjunctival Hemorrhage ... 72
    - Calcareous Infiltration ... 72
    - Conjunctival Xerosis ... 73
  - 4.4 Conjunctivitis ... 74
    - General Notes on the Causes, Symptoms, and Diagnosis of Conjunctivitis ... 74
    - Infectious Conjunctivitis ... 82
      - Bacterial Conjunctivitis ... 82
      - Chlamydial Conjunctivitis ... 83
      - Inclusion Conjunctivitis ... 83
      - Trachoma ... 91
      - Viral Conjunctivitis ... 91
      - Neonatal Conjunctivitis ... 93
    - Parasitic and Mycotic Conjunctivitis ... 96
    - Noninfectious Conjunctivitis ... 96
  - 4.5 Tumors ... 102
    - Epibulbar Dermoid ... 103
    - Conjunctival Hemangioma ... 104
    - Epithelial Conjunctival Tumors ... 104
    - Conjunctival Cysts ... 104
    - Conjunctival Papilloma ... 104
    - Conjunctival Carcinoma ... 105
    - Melanocytic Conjunctival Tumors ... 106

- Conjunctival Nevus ... 106
- Conjunctival Melanosis ... 110
- Congenital Ocular Melanosis ... 110
- Conjunctival Lymphoma ... 111
- Kaposi's Sarcoma ... 111
- 4.6 Conjunctival Deposits ... 112
  
- 5 Cornea ... 115**  
*Gerhard K. Lang*
  
- 5.1 Basic Knowledge ... 115
- 5.2 Examination Methods ... 117
  - Slit Lamp Examination ... 118
  - Dye Examination of the Cornea ... 118
  - Corneal Topography ... 119
  - Determining Corneal Sensitivity ... 119
  - Measuring the Density of the Corneal Epithelium ... 119
  - Measuring the Diameter of the Cornea ... 121
  - Corneal Pachymetry ... 122
  - Confocal Corneal Microscopy ... 122
- 5.3 Developmental Anomalies ... 122
  - Protrusion Anomalies ... 122
  - Keratoconus ... 122
  - Keratoglobus and Cornea Plana ... 123
  - Corneal Size Anomalies (Microcornea and Megalocornea) ... 123
- 5.4 Infectious Keratitis ... 125
  - Protective Mechanisms of the Cornea ... 125
  - Corneal Infections: Predisposing Factors, Pathogens, and Pathogenesis ... 125
  - General Notes on Diagnosing Infectious Forms of Keratitis ... 127
  - Bacterial Keratitis ... 128
  - Viral Keratitis ... 130
  - Herpes Simplex Keratitis ... 130
  - Herpes Zoster Keratitis ... 132
  - Mycotic Keratitis ... 132
  - Acanthamoeba Keratitis ... 134
- 5.5 Noninfectious Keratitis and Keratopathy ... 135
  - Superficial Punctate Keratitis ... 136
  - Keratoconjunctivitis Sicca ... 136
  - Exposure Keratitis ... 136
  - Neuroparalytic Keratitis ... 138
  - Primary and Recurrent Corneal Erosion ... 139
  - Problems with Contact Lenses ... 139
  - Bullous Keratopathy ... 141

- 5.6 Corneal Deposits, Degeneration, and Dystrophies ... 142
  - Corneal Deposits ... 142
  - Arcus Senilis ... 142
  - Corneal Verticillata ... 143
  - Argyrosis and Chrysiasis ... 143
  - Iron Lines ... 143
  - Kayser–Fleischer Ring ... 144
  - Corneal Degeneration ... 144
  - Calcific Band Keratopathy ... 144
  - Peripheral Furrow Keratitis ... 145
  - Corneal Dystrophies ... 146
- 5.7 Corneal Surgery ... 149
  - Curative Corneal Procedures ... 149
  - Penetrating Keratoplasty (PKP) ... 149
  - Lamellar Keratoplasty (LKP) ... 150
  - Phototherapeutic Keratectomy ... 152
  - Refractive Corneal Procedures ... 153
  - Astigmatic Keratotomy (AK) ... 153
  - Radial Keratotomy (RK) ... 153
  - Conductive Keratoplasty (Holmium Laser Coagulation, High-Frequency Coagulation) ... 155
  - INTACS—Intrastromal Corneal Ring Segments (ICRS) and Rod Segments ... 155
  - Photorefractive Keratectomy (PRK) ... 156
  - Excimer Laser Epithelial Keratomileusis (LASEK) ... 156
  - Excimer Laser In Situ Keratomileusis (LASIK) ... 157
  - Wavefront Correction (Aberrometry) ... 157
  - Implanted Contact Lens (ICL) ... 157
  - Biopic (Intraocular Lens Implantation and LASIK) ... 159
  - Clear Lens Extraction (CLE) ... 159

## **6 Sclera** ... 161

*Gerhard K. Lang*

- 6.1 Basic Knowledge ... 161
- 6.2 Examination Methods ... 161
- 6.3 Color Changes ... 161
- 6.4 Staphyloma and Ectasia ... 162
- 6.5 Trauma ... 163
- 6.6 Inflammations ... 163
  - Episcleritis ... 163
  - Scleritis ... 164

**7**    **Lens** ... 169

*Gerhard K. Lang*

- 7.1 Basic Knowledge ... 169
- 7.2 Examination Methods ... 172
- 7.3 Developmental Anomalies of the Lens ... 173
- 7.4 Cataract ... 174
  - Acquired Cataract ... 177
  - Senile Cataract ... 177
  - Cataract in Systemic Disease ... 183
  - Complicated Cataracts ... 184
  - Cataract after Intraocular Surgery ... 184
  - Traumatic Cataract ... 185
  - Toxic Cataract ... 186
  - Congenital Cataract ... 187
  - Hereditary Congenital Cataracts ... 187
  - Cataract from Transplacental Infection in the First Trimester of Pregnancy ... 188
  - Treatment of Cataracts ... 189
  - Medical Treatment ... 189
  - Surgical Treatment ... 189
  - Secondary Cataract ... 199
  - Special Considerations in Cataract Surgery in Children ... 200
- 7.5 Lens Dislocation ... 202

**8**    **Uveal Tract (Vascular Pigmented Layer)** ... 205

*Gabriele E. Lang and Gerhard K. Lang*

- 8.1 Basic Knowledge ... 205
  - Iris ... 205
  - Ciliary Body ... 207
  - Choroid ... 207
- 8.2 Examination Methods ... 207
- 8.3 Developmental Anomalies ... 208
  - Aniridia ... 208
  - Coloboma ... 210
- 8.4 Pigmentation Anomalies ... 211
  - Heterochromia ... 211
  - Albinism ... 211
- 8.5 Inflammation ... 213
  - Acute Iritis and Iridocyclitis ... 213
  - Chronic Iritis and Iridocyclitis ... 217
  - Choroiditis ... 218
  - Sympathetic Ophthalmia ... 219

- 8.6 Neovascularization in the Iris: Rubeosis Iridis ... 220
- 8.7 Tumors ... 221
  - Malignant Tumors (Uveal Melanoma) ... 221
  - Benign Choroidal Tumors ... 222

## **9 Pupil** ... 225

*Oskar Gareis and Gerhard K. Lang*

- 9.1 Basic Knowledge ... 225
- 9.2 Examination Methods ... 227
  - Testing the Light Reflex ... 227
  - Evaluating the Near Reflex ... 229
- 9.3 Influence of Pharmacologic Agents on the Pupil ... 230
  - Relative Afferent Pupillary Defect ... 232
- 9.4 Pupillary Motor Dysfunction ... 232
  - Isocoria with Normal Pupil Size ... 232
  - Bilateral Afferent Pupillary Defect ... 233
  - Anisocoria with Dilated Pupil in the Affected Eye ... 233
  - Complete Oculomotor Palsy ... 233
  - Tonic Pupil ... 233
  - Iris Defects ... 234
    - Following Eyedrop Application ... 234
    - Anisocoria with a Constricted Pupil in the Affected Eye ... 235
    - Horner Syndrome ... 235
      - Following Eyedrop Application ... 236
    - Isocoria with Constricted Pupils ... 236
    - Argyll Robertson Pupil ... 236
    - Bilateral Pupillary Constriction due to Pharmacologic Agents ... 236
      - Toxic Bilateral Pupillary Constriction ... 236
      - Parinaud Oculoglandular Syndrome ... 237
      - Intoxication ... 237
      - Disorders ... 237
      - Inflammatory Bilateral Pupillary Constriction ... 237
      - Isocoria with Dilated Pupils ... 237

## **10 Glaucoma** ... 239

*Gerhard K. Lang*

- 10.1 Basic Knowledge ... 239
- 10.2 Examination Methods ... 244
  - Oblique Illumination of the Anterior Chamber ... 244

- Slit Lamp Examination ... 244
- Gonioscopy ... 244
- Measuring Intraocular Pressure ... 245
- Optic Disc Ophthalmoscopy ... 252
- Visual Field Testing ... 256
- Examination of the Retinal Nerve Fiber Layer ... 257
- 10.3 Primary Glaucoma ... 258
  - Primary Open Angle Glaucoma ... 258
  - Primary Angle Closure Glaucoma ... 272
- 10.4 Secondary Glaucomas ... 278
  - Secondary Open Angle Glaucoma ... 278
  - Secondary Angle Closure Glaucoma ... 278
- 10.5 Childhood Glaucomas ... 280

**11 Vitreous Body ... 285**

*Gerhard K. Lang*

- 11.1 Basic Knowledge ... 285
- 11.2 Examination Methods ... 287
- 11.3 Aging Changes ... 288
  - Synchysis ... 288
  - Vitreous Detachment ... 288
- 11.4 Abnormal Changes in the Vitreous Body ... 290
  - Persistent Fetal Vasculature (Developmental Anomalies) ... 290
  - Mittendorf's Dot ... 290
  - Bergmeister's Papilla ... 290
  - Persistent Hyaloid Artery ... 291
  - Persistent Hyperplastic Primary Vitreous (PHPV) ... 291
  - Abnormal Opacities of the Vitreous Body ... 293
    - Asteroid Hyalosis ... 293
    - Synchysis Scintillans ... 293
    - Vitreous Amyloidosis ... 293
    - Vitreous Hemorrhage ... 293
    - Vitreitis and Endophthalmitis ... 295
    - Vitreoretinal Dystrophies ... 298
    - Juvenile Retinoschisis ... 298
    - Wagner Disease ... 299
- 11.5 The Role of the Vitreous Body in Various Ocular Changes and after Cataract Surgery ... 299
  - Retinal Detachment ... 299
  - Retinal Vascular Proliferation ... 299
  - Cataract Surgery ... 299
- 11.6 Surgical Treatment: Vitrectomy ... 300

**12 Retina** ... 305*Gabriele E. Lang and Gerhard K. Lang*

- 12.1 Basic Knowledge ... 305
- 12.2 Examination Methods ... 310
  - Visual Acuity ... 310
  - Examination of the Fundus ... 310
  - Normal and Abnormal Fundus Findings in General ... 316
  - Color Vision ... 317
  - Electrophysiologic Examination Methods ... 318
- 12.3 Vascular Disorders ... 323
  - Diabetic Retinopathy ... 323
  - Retinal Vein Occlusion ... 329
  - Retinal Arterial Occlusion ... 331
  - Hypertensive Retinopathy and Sclerotic Changes ... 333
  - Coats Disease ... 335
  - Retinopathy of Prematurity ... 337
- 12.4 Degenerative Retinal Disorders ... 339
  - Retinal Detachment ... 339
  - Degenerative Retinoschisis ... 344
  - Peripheral Retinal Degenerations ... 345
  - Central Serous Chorioretinopathy ... 346
  - Age-Related Macular Degeneration ... 348
  - Degenerative Myopia ... 353
- 12.5 Retinal Dystrophies ... 354
  - Macular Dystrophies ... 354
  - Stargardt Disease ... 354
  - Best's Vitelliform Dystrophy ... 356
  - Retinitis Pigmentosa ... 357
- 12.6 Toxic Retinopathy ... 360
- 12.7 Retinal Inflammatory Disease ... 362
  - Retinal Vasculitis ... 362
  - Posterior Uveitis Due to Toxoplasmosis ... 363
  - AIDS-Related Retinal Disorders ... 365
  - Viral Retinitis ... 366
  - Retinitis in Lyme Disease ... 367
  - Parasitic Retinal Disorders ... 367
- 12.8 Retinal Tumors and Hamartomas ... 368
  - Retinoblastoma ... 368
  - Astrocytoma ... 371
  - Hemangiomas ... 371

**13 Optic Nerve ... 373**

*Oskar Gareis and Gerhard K. Lang*

- 13.1 Basic Knowledge ... 373
  - Intraocular Portion of the Optic Nerve ... 374
  - Intraorbital and Intracranial Portion of the Optic Nerve ... 375
- 13.2 Examination Methods ... 376
- 13.3 Disorders that Obscure the Margin of the Optic Disc ... 377
  - Congenital Disorders that Obscure the Margin of the Optic Disc ... 377
    - Oblique Entry of the Optic Nerve ... 377
    - Tilted Disc ... 378
    - Pseudopapilledema ... 378
  - Myelinated Nerve Fibers ... 380
  - Bergmeister's Papilla ... 380
  - Optic Disc Drusen ... 380
  - Acquired Disorders that Obscure the Margin of the Optic Disc ... 382
    - Papilledema ... 382
    - Optic Neuritis ... 386
  - Anterior Ischemic Optic Neuropathy (AION) ... 388
  - Infiltrative Optic Disc Edema ... 393
- 13.4 Disorders in which the Margin of the Optic Disc is Well Defined ... 393
  - Atrophy of the Optic Nerve ... 393
  - Special Forms of Atrophy of the Optic Nerve ... 395
  - Optic Nerve Pits ... 397
  - Optic Disc Coloboma (Morning Glory Disc) ... 398
- 13.5 Tumors ... 398
  - Intraocular Optic Nerve Tumors ... 398
  - Retrobulbar Optic Nerve Tumors ... 400

**14 Visual Pathway ... 401**

*Oskar Gareis and Gerhard K. Lang*

- 14.1 Basic Knowledge ... 401
- 14.2 Examination Methods ... 403
- 14.3 Disorders of the Visual Pathway ... 404
  - Prechiasmal Lesions ... 407
  - Chiasmal Lesions ... 407
  - Retrochiasmal Lesions ... 411
  - Ocular Migraine ... 412

**15 Orbital Cavity ... 415***Gerhard K. Lang*

- 15.1 Basic Knowledge ... 415
- 15.2 Examination Methods ... 417
- 15.3 Developmental Anomalies ... 421
  - Craniofacial Dysplasia ... 421
  - Craniostenosis ... 421
  - Mandibulofacial Dysplasia ... 422
  - Oculoauriculovertebral Dysplasia ... 422
  - Mandibulofacial Dysostosis ... 422
  - Oculomandibular Dysostosis ... 422
  - Rubinstein–Taybi Syndrome ... 422
  - Meningoencephalocele ... 422
  - Osteopathies ... 422
- 15.4 Orbital Involvement in Autoimmune Disorders:
  - Graves Disease ... 423
- 15.5 Orbital Inflammation ... 425
  - Orbital Cellulitis ... 425
  - Cavernous Sinus Thrombosis ... 426
  - Orbital Pseudotumor ... 427
  - Myositis ... 428
  - Orbital Periostitis ... 428
  - Mucocele ... 429
  - Mycoses (Mucormycosis and Aspergillomycosis) ... 429
- 15.6 Vascular Disorders ... 429
  - Pulsating Exophthalmos ... 429
  - Intermittent Exophthalmos ... 430
  - Orbital Hematoma ... 431
- 15.7 Tumors ... 431
  - Orbital Tumors ... 431
  - Hemangioma ... 431
  - Dermoid and Epidermoid Cyst ... 432
  - Neurinoma and Neurofibroma ... 432
  - Meningioma ... 432
  - Histiocytosis X ... 432
  - Leukemic Infiltrations ... 432
  - Lymphoma ... 433
  - Rhabdomyosarcoma ... 433
  - Metastases ... 433
  - Optic Nerve Glioma ... 433
  - Injuries ... 433
- 15.8 Orbital Surgery ... 433

**16 Optics and Refractive Errors** ... 435

*Gerhard K. Lang*

- 16.1 Basic Knowledge ... 435
  - Uncorrected and Corrected Visual Acuity ... 435
  - Refraction: Emmetropia and Ametropia ... 435
  - Accommodation ... 437
  - Adaptation to Differences in Light Intensity ... 441
- 16.2 Examination Methods ... 441
  - Refraction Testing ... 441
  - Testing the Potential Resolving Power of the Retina in the Presence of Opacified Ocular Media ... 443
- 16.3 Refractive Anomalies ... 444
  - Myopia (Shortsightedness) ... 444
  - Hyperopia (Farsightedness) ... 448
  - Astigmatism ... 451
  - Anisometropia ... 456
- 16.4 Impaired Accommodation ... 457
  - Accommodation Spasm ... 457
  - Accommodation Palsy ... 458
- 16.5 Correction of Refractive Errors ... 459
  - Eyeglass Lenses ... 459
  - Monofocal Lenses ... 459
  - Multifocal Lenses ... 460
  - Special Lenses ... 460
  - Subjective Refraction Testing for Eyeglasses ... 461
  - Contact Lenses ... 462
  - Advantages and Characteristics of Contact Lenses ... 462
  - Rigid Contact Lenses ... 463
  - Soft Contact Lenses ... 464
  - Special Lenses ... 464
  - Disadvantages of Contact Lenses ... 465
  - Contact Lens Complications ... 466
  - Prisms ... 466
  - Magnifying Vision Aids ... 466
- 16.6 Aberrations of Lenses and Eyeglasses ... 467
  - Chromatic Aberration (Dispersion) ... 467
  - Spherical Aberration ... 467
  - Astigmatic Aberration ... 468
  - Curvature of Field ... 468

**17 Ocular Motility and Strabismus ... 471***Doris Recker and Gerhard K. Lang*

- 17.1 Basic Knowledge ... 471
- 17.2 Concomitant Strabismus ... 477
  - Forms of Concomitant Strabismus ... 479
  - Esotropia ... 479
  - Abnormal Accommodative Convergence/Accommodation Ratio ... 481
  - Exotropia ... 482
  - Vertical Deviations (Hypertropia and Hypotropia) ... 484
  - Diagnosis of Concomitant Strabismus ... 484
  - Evaluating Ocular Alignment with a Focused Light ... 484
  - Diagnosis of Infantile Strabismic Amblyopia (Preferential Looking Test) ... 484
  - Diagnosis of Unilateral and Alternating Strabismus (Unilateral Cover Test) ... 485
  - Measuring the Angle of Deviation ... 485
  - Determining the Type of Fixation ... 488
  - Testing Binocular Vision ... 488
  - Treatment of Concomitant Strabismus ... 489
  - Eyeglass Prescription ... 489
  - Treatment and Avoidance of Strabismic Amblyopia ... 489
  - Surgery ... 491
- 17.3 Heterophoria ... 491
- 17.4 Pseudostrabismus ... 492
- 17.5 Ophthalmoplegia and Paralytic Strabismus ... 493
- 17.6 Nystagmus ... 505

**18 Ocular Trauma ... 507***Gerhard K. Lang*

- 18.1 Examination Methods ... 507
- 18.2 Classification of Ocular Injuries by Mechanism of Injury ... 508
- 18.3 Mechanical Injuries ... 508
  - Eyelid Injury ... 508
  - Injuries to the Lacrimal System ... 509
  - Conjunctival Laceration ... 509
  - Corneal and Conjunctival Foreign Bodies ... 513
  - Corneal Erosion ... 515
  - Blunt Ocular Trauma (Ocular Contusion) ... 516
  - Blow-Out Fracture ... 521
  - Open-Globe Injuries ... 521
  - Impalement Injuries in the Orbit ... 525

## **XXII Contents**

- 18.4 Chemical Injuries ... 527
- 18.5 Injuries Due to Physical Agents ... 532
  - Ultraviolet Keratoconjunctivitis ... 532
  - Burns ... 533
  - Radiation Injuries (Ionizing Radiation) ... 534
- 18.6 Indirect Ocular Trauma ... 535
  - Purtscher's Retinopathy ... 535
  - High-Altitude Retinopathy ... 535

## **19 Cardinal Symptoms ... 537**

*Gerhard K. Lang*

## **Further Reading ... 561**

## **Appendix ... 562**

## **Index ... 581**
