ELSEVIER  
SAUNDERS

# Atlas of Cervical Spine Surgery

Mark R. McLaughlin  
Regis W. Haid, Jr  
Gerald E. Rodts, Jr

# Contents

Preface	vii
Foreword: Volker K.H. Sonntag, MD	ix
Foreword: Richard G. Fessler, MD	xi
<b>Chapter I</b> Bone Graft Techniques: Overview and Philosophy of Arthrodesis	1
<i>Bone Graft Techniques</i>	2
<i>Common Pitfalls</i>	12
<b>Chapter II</b> Transoral Odontoid Decompression	13
<i>Operating Room Setup</i>	15
<i>Common Pitfalls</i>	26
<b>Chapter III</b> Anterior Odontoid Screw Fixation	29
<i>Common Pitfalls</i>	36
<i>Postoperative Results</i>	38
<b>Chapter IV</b> Anterior Cervical Approaches: Exposure and Releasing Techniques	41
<i>Common Pitfalls</i>	51
<b>Chapter V</b> Single-Level Discectomy	53
<i>Common Pitfalls</i>	66
<i>Postoperative Results</i>	67
<b>Chapter VI</b> Multilevel Discectomy	69
<i>Common Pitfalls</i>	79
<i>Postoperative Results</i>	81
<b>Chapter VII</b> Single-Level Corpectomy	83
<i>Common Pitfalls</i>	93
<i>Postoperative Results</i>	94
<b>Chapter VIII</b> Multilevel Corpectomy	95
<i>Common Pitfalls</i>	105
<i>Postoperative Results</i>	107
<b>Chapter IX</b> Special Situations: Anterior	109
<i>C2-C3 Discectomy</i>	114
<i>Bicortical Purchase for Long-Segment Fixation</i>	115
<i>Reexploration Considerations</i>	116
<i>Common Pitfalls</i>	118
<i>Postoperative Results</i>	118

<b>Chapter X</b> Positioning and Exposure for Posterior Cervical Approaches	119
<i>Common Pitfalls</i>	128
<b>Chapter XI</b> Occipital-Cervical Fusion: Loop and Cable Technique	129
<i>Loop and Cable Technique—Occipital-Cervical Fusion: Occiput to C2</i>	131
<i>Common Pitfalls</i>	141
<i>Postoperative Results</i>	141
<b>Chapter XII</b> Occipital-Cervical Fusion: Screw and Rod Technique	143
<i>Common Pitfalls</i>	149
<i>Postoperative Results</i>	149
<b>Chapter XIII</b> Transarticular Screw Fixation	151
<i>Common Pitfalls</i>	165
<i>Postoperative Results</i>	168
<b>Chapter XIV</b> Short- and Long-Segment Lateral Mass Fixation	171
<i>Common Pitfalls</i>	191
<i>Postoperative Results</i>	193
<b>Chapter XV</b> Posterior Cable Techniques	195
<i>Common Pitfalls</i>	201
<i>Postoperative Results</i>	203
<b>Chapter XVI</b> Posterior Decompression: Laminoforaminotomy, Laminectomy, and Laminoplasty	205
<i>Common Pitfalls</i>	214
<b>Chapter XVII</b> Special Situations: Posterior	217
<i>C2 Pars and Pedicle Screws</i>	218
<i>C1-C2 Screw Fixation Using C1 Lateral Mass Screws</i>	221
<i>Lower Cervical and Upper Thoracic Pedicle Screw Fixation</i>	224
<i>Cervicothoracic Fusion</i>	225
<i>Occipital and Cervicothoracic Fusion</i>	226
<i>Reexploration Considerations</i>	227
<i>Considerations for Combined Anterior-Posterior Cervical Fusion</i>	228
<i>Common Pitfalls</i>	229
<i>Postoperative Results</i>	231
<b>Chapter XVIII</b> Future Technologies	233
<i>Prestige LP Artificial Cervical Disc Replacement</i>	234
<i>Postoperative Results</i>	250
Index	251
