## I General Information

<b>1 General Information Regarding Examination</b> .....	2
G. Jechart	
<b>Introduction</b> .....	2
<b>Indications and Contraindications</b> .....	2
<b>Preparing for the Examination</b> .....	3
<b>2 Basic Examination Technique and Colonoscopy Workstation</b> .....	7
G. Jechart	
<b>Learning Examination Technique</b> .....	7
Instrument Features .....	7
Operating the Endoscope .....	8
Simulators .....	11
Training on a Patient .....	12
<b>3 Modern Endoscopic Techniques</b> .....	15
M. Bittinger	
<b>Digital Structure Enhancement</b> .....	15
<b>Magnifying or Zoom Endoscopy</b> .....	15
<b>Complications and Risks</b> .....	3
<b>General Principles</b> .....	4
<b>Anatomy of the Colon</b> .....	5
<b>The Colonoscopy Workstation</b> .....	12
Examination Room Set-up .....	12
Hygiene Standards for Reprocessing Equipment .....	13
Radiography Equipment Regulations .....	13
<b>Chromoendoscopy</b> .....	16
<b>Fluorescence Endoscopy</b> .....	16

## II Normal Examination Procedure and Non-pathological Findings

<b>4 Before the Examination</b> .....	22
A. Probst	
<b>Informing the Patient</b> .....	22
<b>Sedation and Medication</b> .....	22
Sedation and Analgesics .....	22
Other Medications/Endocarditis Prophylaxis .....	22
<b>5 Inserting the Endoscope and Advancing It in the Colon</b> .....	25
A. Probst	
<b>Inspection and Palpation</b> .....	25
<b>Passing the Anal Sphincter</b> .....	25
<b>Endoscope Insertion in Postoperative Patients (Colostomy/Ileostomy)</b> .....	26
<b>Advancing the Endoscope in the Sigmoid Colon (Sigmoidoscopy)</b> .....	27
<b>Advancing Further to the Hepatic Flexure</b> .....	29
<b>Proximal Colon</b> .....	31
<b>Intubating the Ileocecal Valve and Terminal Ileum</b> .....	33
<b>Patients with Pacemakers or Metal Implants</b> .....	23
<b>Positioning the Patient</b> .....	23
<b>Safety of the Patient and Monitoring</b> .....	24
<b>Looping and Using External Compression Techniques</b> ..	34
Applying Simple Pressure over the Sigmoid Colon in the Left Lateral Position .....	36
Simple and Combined Pressure with Patient in the Supine Position .....	36
Transverse Pressure .....	36
Pressure on the Right Flank .....	36
Pressure over the Cecum .....	36
<b>Localizing the Endoscope</b> .....	37
<b>Withdrawing the Endoscope and “Blind Spots”</b> .....	37
<b>Retroflexion in the Rectum</b> .....	38

**6 Normal Appearance of the Intestinal Segments** ..... 40  
 M. Bittinger

<b>Normal Rectum</b> .....	40	<b>Normal Ascending Colon</b> .....	45
<b>Normal Sigmoid Colon</b> .....	42	<b>Normal Cecum and Ileocecal Valve</b> .....	46
<b>Normal Descending Colon</b> .....	43	<b>Normal Terminal Ileum</b> .....	48
<b>Normal Transverse Colon</b> .....	44		

**7 Normal Postoperative Appearances** ..... 50  
 M. Bittinger

<b>Restoring Intestinal Continuity</b> .....	50
--	----

**III Pathological Findings**

**8 Diverticulosis and Diverticulitis** ..... 56  
 M. Bittinger

Definitions .....	56	<b>Diverticulitis</b> .....	62
<b>Diverticulosis</b> .....	56	Clinical Picture .....	62
Clinical Picture .....	56	Diagnosis .....	62
Diagnosis .....	56	Complications .....	64
Complications .....	61	Differential Diagnosis .....	64
Differential Diagnosis .....	61	Treatment .....	64
Treatment .....	61		

**9 Polyps and Polyposis Syndromes** ..... 66  
 T. Eberl

<b>Polyps</b> .....	66	<b>Polyposis Syndromes</b> .....	76
Definition .....	66	Definition .....	76
Clinical Picture and Clinical Significance .....	66	Clinical Picture and Clinical Significance .....	76
Diagnosis .....	67	Endoscopic Diagnosis .....	77
Epithelial Polyps .....	68	Familial Adenomatous Polyposis (FAP) .....	77
Nonepithelial Polyps .....	76	Peutz-Jeghers Syndrome .....	78
Surveillance .....	76	Juvenile Polyposis .....	79
		Differential Diagnosis .....	79

**10 Malignant Tumors** ..... 81  
 T. Eberl

Definition and Classification .....	81	Epithelial Tumors .....	82
Clinical Picture and Clinical Significance .....	81	Malignant Nonepithelial Tumors .....	86
Diagnosis .....	81	Surveillance .....	87

**11 Submucosal Tumors** ..... 89  
 T. Eberl

Definition and Classification .....	89	Nonepithelial Tumors .....	89
Clinical Picture and Clinical Significance .....	89	Carcinoids .....	91
Diagnosis .....	89	Treatment .....	92

**12 Colitis—Inflammatory Bowel Diseases and Other Forms of Colitis** ..... 93  
 R. Scheubel

Definition .....	93	Diagnosis .....	93
Clinical Significance of Chronic Inflammatory Bowel Disease (IBD) .....	93	Inflammatory Bowel Disease—Indications for Ileocolonoscopy: .....	94

<b>Ulcerative Colitis</b> .....	94	<b>Infectious Colitis</b> .....	108
Pouchitis .....	101	<b>Radiation Colitis</b> .....	111
Toxic Megacolon .....	101	<b>Ischemic Colitis</b> .....	113
Carcinoma in Ulcerative Colitis .....	101	<b>NSAID Colitis</b> .....	115
<b>Crohn Disease</b> .....	101	<b>Diversion Colitis</b> .....	115
<b>Differential Diagnosis of Chronic IBD Types and Other Forms of Inflammatory Bowel Diseases</b> .....	106	<b>Pseudomembranous Colitis</b> .....	116
Differential Diagnosis: Ulcerative Colitis vs. Crohn Disease .....	106	<b>Other Rare Forms of Colitis</b> .....	116
Other Differential Diagnoses .....	107	<b>Nonclassifiable Types of Colitis</b> .....	116
<b>Indeterminate Colitis</b> .....	107		
<b>13 Acute and Chronic Lower Gastrointestinal Bleeding</b> .....	118		
J. Barnert			
Definitions .....	118	Differential Diagnosis of Acute Lower Gastrointestinal Bleeding .....	123
Epidemiology .....	118	Diverticula .....	123
Prognosis and Clinical Course .....	118	Vascular Causes .....	125
Diagnosis .....	118	Dieulafoy Ulcer .....	128
Endoscopic Diagnosis .....	119	Ischemia .....	129
Chronic Lower Gastrointestinal Bleeding .....	119	Colitis .....	130
Acute Lower Gastrointestinal Bleeding .....	119	Neoplasias .....	134
		Anorectal Diseases .....	136
<b>14 Vascular Malformations and Other Vascular Lesions</b> .....	143		
J. Barnert			
Definitions .....	143	<b>Hemangiomas</b> .....	147
<b>Angiodysplasia (Telangiectasia)</b> .....	143	Epidemiology .....	147
Epidemiology and Pathogenesis .....	143	Histology .....	147
Histology .....	143	Course and Prognosis .....	147
Clinical Course and Prognosis .....	143	Diagnosis .....	147
Diagnosis .....	143	Syndromes/Vascular Malformations in Other Diseases .....	148
Differential Diagnosis .....	146		
Syndromes/Vascular Malformations in Other Diseases .....	146		
<b>15 Melanosis Coli</b> .....	151		
R. Fleischmann			
Definition .....	151	Therapy .....	151
Clinical Picture .....	151	Surveillance .....	151
Diagnosis .....	151		
<b>16 Solitary Rectal Ulcer Syndrome</b> .....	152		
R. Fleischmann			
Definition .....	152	Diagnosis .....	152
Clinical Picture .....	152	Treatment .....	152
<b>17 Rare Diseases and Disorders</b> .....	154		
R. Fleischmann			
<b>Extrinsic Compression (Stenosis)</b> .....	154	Surveillance .....	156
<b>Postoperative Strictures and Suture Granulomas</b> .....	154	<b>Acute Segmental Hemorrhagic Colitis</b> .....	156
<b>Lumen Dilation and Pseudo-obstruction</b> .....	154	Definition .....	156
Definition .....	154	Clinical Picture .....	156
Clinical Picture .....	154	Diagnosis .....	156
Diagnosis .....	155	Treatment .....	156
Treatment .....	155	Surveillance .....	156

<b>Pneumatosis Cystoides Intestinalis</b> .....	156	<b>Ileitis</b> .....	158
Definition .....	156	<b>Colon Varices and Portal Colopathy</b> .....	158
Clinical Picture .....	156	<b>Rectal Varices</b> .....	159
Diagnosis .....	157	<b>Iatrogenic Lesions</b> .....	159
Treatment .....	157	<b>Lipomas and Carcinoid Tumors</b> .....	159
Surveillance .....	157	<b>Endometriosis</b> .....	160
<b>Kaposi Sarcoma</b> .....	157	<b>Amyloidosis</b> .....	160
Definition .....	157	<b>Collagenous Colitis and Microscopic Colitis</b> .....	160
Diagnosis .....	157	<b>Colon Involvement in Non-Hodgkin Lymphoma</b> .....	161
Treatment .....	158		
Surveillance .....	158		
<b>HIV-Related Lymphoma</b> .....	158		

## IV Endoscopic Intervention

<b>18 Polypectomy and Mucosectomy</b> .....	164		
T. Eberl			
Indications and Contraindications .....	164	Mucosectomy .....	173
Preparing for Polypectomy and Mucosectomy .....	164	Recovering Resected Polyps .....	176
Instrumentation .....	164	Complications following Polypectomy or Mucosectomy .....	176
Polypectomy .....	165	Follow-up Surveillance after Polypectomy .....	178
Small Polyps .....	167		
Stalked Polyps .....	167		
Sessile Polyps .....	169		
Malignant Polyps .....	173		
<b>19 Interventional Tumor Therapy</b> .....	179		
R. Fleischmann			
Pathology of Malignant Colon Tumors .....	179	Palliative Tumor Therapy in Inoperable Patients .....	179
Indications for Endoscopic Tumor Therapy .....	179	Laser .....	179
Hemostasis Methods and Relief of Obstruction .....	179	APC (Argon Plasma Coagulation) .....	180
		Metallic Mesh Stents .....	180
<b>20 Hemostasis</b> .....	185		
J. Barnert			
<b>Thermocoagulation</b> .....	185	<b>Injection Therapy</b> .....	191
Monopolar and Bipolar Electrocoagulation .....	185	<b>Mechanical Methods</b> .....	194
Argon Plasma Coagulation (APC) .....	186	Hemoclips .....	194
Laser .....	189	Band Ligation .....	194
Heater Probe .....	191	Endoloop .....	197
<b>21 Management of Benign Strictures</b> .....	200		
R. Scheubel			
Definition and Causes .....	200	Diagnosis and Therapy .....	201
<b>22 Fistulas and Postoperative Leakages</b> .....	203		
W. Schmidbaur			
Fistulas .....	203	Fistula Closure and Management of Dehiscence Using Clips .....	208
Anastomotic Leakage .....	204	Differential Therapy Using Fibrin Sealant/Clips .....	210
Diagnosis .....	206	Stents .....	210
Endoscopic Interventions .....	206	Endoscopic Suturing .....	212
Fistula Closure and Management of Dehiscence Using Fibrin Sealant .....	207	EndoVAC .....	212

<b>23 Removal of Foreign Bodies</b> .....	216		
W. Schmidbauer			
Principles of Endoscopic Foreign Body Removal .....	216	Iatrogenic Foreign Bodies .....	217
Removal of Foreign Bodies in the Colon .....	216	Foreign Bodies Introduced Per Rectum .....	218
Ingested Foreign Bodies .....	217	Removal of Foreign Bodies in the Rectum .....	218
<b>24 Decompression Tube Placement</b> .....	221		
J. Barnert			
Definitions .....	221	<b>Mechanical Obstruction</b> .....	224
<b>Acute Pseudo-obstruction of the Colon</b> .....	221	Volvulus .....	224
Definition and Pathogenesis .....	221	Malignant and Benign Stenoses .....	227
Clinical Picture and Course .....	222		
Therapy .....	222		
<b>Index</b> .....	229
