Infections in Obstetrics and Gynecology

Textbook and Atlas

Eiko E. Petersen

Contents

I General

1 Pathogens	2
Normal Flora and Virulence	2
Viruses	2
Bacteria	3
Fungi	4
Protozoa	4
Normal Flora	4
The Importance of Individual Bacterial Species and Strains	13
2 Defense Systems	18
Functions and Disturbances of the Immune System	18
General Defense Mechanisms	18
Nonspecific Humoral Defense Systems .	18
Nonspecific Cellular Defense System ...	19
Specific Humoral Defense System	19
Specific Cellular Defense System	20
Disorders of the Immune System	21
3 Detection of Pathogens	22
General Remarks	22
Detection of Bacteria	22
Detection of Viruses	25
Detection of Fungi	25
Detection of Protozoa	29
Serological Detection and Antibody Detection	29
Special Detection Methods	34
Detection by Molecular Biology Methods	35
Diagnosis of Prenatal Infections	36
4 Anti-infectives (Antibacterials, Virostatics, Antimycotics, Antiparasitics, Antiseptics, Immunoglobulins)	38
Antibacterials	38
β-Lactam Antibiotics	39
Other Antibiotics	42
Virostatics	47
Antimycotics	48
Antiseptics	50
Immunoglobulins	51
5 Signs of Infection	53
Immune Responses	53
Local Symptoms	53
Systemic Symptoms	53
Laboratory Values	55

6 Diagnosis of Infections During Gynecologic Examination 58

Colposcopy	58	Microscopy	58
Measuring the pH of the Discharge	58	Biopsy	58
Test for Amines	58		

II Infections and Prevention

7 Gynecologic Infections 66

Infections of the Vulva (Vulvitis)		Vaginitis Caused by Bacteria	119
Introduction and Pathogenesis	66	Bacterial Vaginosis	122
Skin Care in the Anogenital Region ..	69	Detection and Incidence of Other	
Vulvitis Caused by Fungi	69	Bacteria in the Vagina	126
Candidiasis	69	Vaginitis Not Caused by Pathogens ..	127
Infections Caused by Other Fungi	75	Infections of the Cervix (Cervicitis)	130
Vulvitis Caused by Bacteria	76	Chlamydia Infections	131
Pyoderma of the Vulva and		Gonococcal Cervicitis	138
Surrounding Areas	76	Primary Lesion of Syphilis on the	
Infections Caused by <i>Staphylococcus</i>		Cervix	139
<i>aureus</i>	76	Cervicitis Caused by Other Bacteria ..	140
Infections Caused by Group A		Genital Herpes of the Cervix	140
Streptococci	78	Papillomavirus Infection of the	
Vulvitis Caused by Viruses	82	Cervix	142
Genital Herpes	82	Differential Diagnosis of Cervicitis ...	145
Molluscum Contagiosum	91	Ascending Infections of the Internal	
Herpes Zoster of the Vulva	91	Genitals	145
Other Forms of Vulvitis	92	Endometritis	146
Vestibular Adenitis/Vestibulitis	92	Endometritis in Outpatients	147
Plasma Cell Vulvitis (Zoon Vulvitis) ..	92	Salpingitis	148
Vulvar Infections without Pain	93	Inflammatory Conglomerate Tumor,	
Infections Caused by Human		Tubo-ovarian Abscess	153
Papillomaviruses (HPV)	94	Wound Infection after Surgery	154
Syphilis (<i>Lues venerea</i>)	100	Peritonitis	155
Bartholinitis, Empyema, and		Sepsis	156
Congestion of Bartholin Gland	103	Septic Shock	158
Hidradenitis Suppurativa/Pyoderma		Toxic Shock Syndrome (TSS)	159
Fistulas	104	Gas Gangrene Infection	160
Acne Conglobata	105	Urinary Tract Infections (UTI)	160
Infestation with Pubic Lice		Bacteriuria	161
(Phthiriasis)	106	Chronic Interstitial Cystitis	164
Infestation with Mites (Scabies)	107	Tuberculosis	165
Differential Diagnosis of Vulvitis		Genital Tuberculosis	165
Not Caused by Pathogens	108	Tuberculosis and Pregnancy	166
Infections of the Vagina (Vaginitis)	112	Infections in Immunocompromised and	
Vaginitis Caused by Fungi	113	Neutropenic Patients	167
Vaginitis Caused by Viruses	115	Aspergillosis	167
Vaginitis Caused by Protozoa	116		

8 Infections During Pregnancy 168

General Introduction	168	General Remarks	169
Viral Infections	169	Rubella (German Measles)	169

Erythema Infectiosum (Fifth Disease)	173	Toxoplasmosis	198
HIV Infection (AIDS)	175	Malaria	202
Genital Herpes	179	Infections Caused by Group A	
Cytomegalic Inclusion Disease (CID) .	181	Streptococci	203
Primary CMV Infection During Pregnancy	183	Pertussis (Whooping Cough)	204
Varicella (Chickenpox)	184	Salmonella Infection (Salmonellosis) .	204
Herpes Zoster (Shingles)	186	Infections Caused by <i>Campylobacter fetus</i> and <i>C. jejuni</i>	205
Epstein–Barr Virus Infection (Infectious Mononucleosis, Glandular Fever, Pfeiffer Disease)	187	Q Fever	205
Infection with Human Herpes Virus Type 6 (HHV-6)	187	Infections Caused by Group B	
Measles (Rubeola)	187	Streptococci	205
Mumps (Epidemic Parotitis)	188	Bacterial Vaginosis	207
Infections Caused by Enteroviruses (Poliovirus, Coxsackievirus, Echovirus)	188	<i>Escherichia coli</i> and Other Intestinal Pathogens	208
Rotavirus Infection	188	Infections Leading to Late Abortion, Miscarriage, and Premature Delivery ...	208
Hepatitis	188	Prophylaxis of Late Miscarriage and Premature Delivery	211
Lymphocytic Choriomeningitis (LCM)	192	Premature Rupture of the Fetal Membranes and Infection	212
Central European Encephalitis (CEE) .	192	Amniotic Infection Syndrome (AIS)	214
Influenza (Flu)	193	Fever during Pregnancy	215
Bacterial Infections and Zoonoses	193	Trichomoniasis during Pregnancy ...	215
Syphilis (Lues)	193	Tuberculosis during Pregnancy	215
Listeriosis	195	Pregnancy and Risk of Infections in Tropical Countries	215
Borreliosis (Lyme Disease)	196	Malaria	215
Ehrlichiosis	198	Hepatitis A	216
		Dengue Fever	216

9 Peripartal and Puerperal Infections

Infections during Childbed	217	Miscarriage with Fever	222
Puerperal Sepsis	218	Late Miscarriage without Fever	223
Endometritis and Wound Infection	220	Risk of Infection for the Newborn	223
Infections after Cesarean Section	221	Water Birth and Risk of Infection	223

10 Inflammation of the Breast

Mastitis	224	Other Forms of Inflammation and Differential Diagnosis	227
----------------	-----	--	-----

11 Sexually Transmitted Infections

Gonorrhea	232	Chancroid (Venereal Ulcer)	233
Syphilis (Lues)	232	Granuloma Inguinale	233
Lymphogranuloma venereum (LGV)	232		

12 Helminthic Infections

Pinworms (Oxyurids)	234	Worm Infections Acquired in the Tropics	236
Other Worm Species in Temperate Climates	234		

13 Infections of Other Body Regions	237
Pneumonia	237
Appendicitis	237
Arthritis	237
14 Self-inflicted Infections	238
Munchausen Syndrome	238
15 Prevention of Infections	239
Infection Risks and Countermeasures ...	239
Venipuncture and Maintenance of a Venous Catheter	239
Disinfection Prior to Surgical Interventions	239
Wound Drainage	240
Wound Care	240
Urinary Diversion	240
Prophylaxis of Bacterial Infections	240
Immunoprophylaxis of Viral Infections .	241
Chemoprophylaxis of Viral Infections ...	241
Approach in the Event of Professional Exposure to HIV	242
Ocular Prophylaxis in Newborns	242
Tuberculosis Vaccination of Newborns ..	242
Vaccination During Pregnancy	243
Vaccines	243
Drug Interactions	245
