## OTOLOGIC SURGERY

1. Tympanostomy Tubes and Related Procedures.....	1
a. Tympanocentesis .....	1
b. Myringotomy .....	4
c. Grommet-type tympanostomy tube insertion.....	6
d. Permanent tympanostomy tube insertion .....	11
e. Removal of tympanostomy tubes and myringoplasty.....	16
2. Approaches to the Middle Ear and Mastoid .....	21
a. Transcanal approach .....	21
b. Endaural approach.....	26
c. Postauricular approach.....	32
3. Myringoplasty and Tympanoplasty .....	39
a. Myringoplasty with medial fascia or fat-plug graft.....	41
b. Transcanal medial fascia or fat-plug graft tympanoplasty .....	49
c. Postauricular medial fascia graft tympanoplasty .....	49
d. Endaural medial fascia graft tympanoplasty .....	52
e. Lateral fascia graft tympanoplasty .....	58
f. Cartilage graft tympanoplasty.....	66
4. Ossiculoplasty.....	75
a. Advancement flap .....	78
b. Incus interposition.....	81
c. Partial ossicular replacement prosthesis.....	82
d. Total ossicular replacement prosthesis.....	83
5. Mastoidectomy and Cholesteatoma .....	91
a. Simple mastoidectomy.....	91
b. Modified radical mastoidectomy.....	96
c. Radical mastoidectomy .....	98
d. Congenital cholesteatoma.....	103
e. Posterosuperior quadrant acquired cholesteatoma.....	111
f. Pars flaccida attic cholesteatoma .....	117

6. Perilymphatic Fistula and Eustachian Tube Surgery .....	123
a. Congenital perilymphatic fistula.....	123
b. Obliteration of the eustachian tube .....	129
c. Patulous eustachian tube: catheter obstruction .....	132
7. Facial Nerve Exploration and Repair .....	137
a. Intratemporal exploration and decompression .....	139
b. Intratemporal repair, rerouting, and grafting .....	150
c. Extratemporal exploration and repair for lesions.....	157
d. Extratemporal exploration and repair after trauma .....	171
e. Extratemporal repair, rerouting, and grafting.....	176
8. Ear Canal Stenosis and Atresia.....	185
a. Reconstruction of the external ear canal .....	186
b. Skin grafting of the external auditory canal .....	207
c. Congenital aural atresia .....	211

9. Cochlear Implants .....	221
----------------------------	-----

## **RHINOLOGIC SURGERY**

10. Epistaxis.....	251
a. Local cauterly .....	253
b. Anterior packing.....	253
c. Endoscopic-guided cauterly .....	254
d. Posterior packing .....	255
e. Arterial ligation.....	257
11. Nasal and Septal Deformities.....	259
a. Closed reduction of nasal fracture.....	260
b. Internal approach for septoplasty.....	264
c. External approach for septoplasty .....	268
d. Endonasal approach for rhinoplasty.....	282
e. External approach for rhinoplasty.....	291
12. Congenital Nasal Malformations .....	299
a. Transnasal repair of choanal atresia.....	300
b. Transpalatal repair of choanal atresia .....	306
c. Lateral rhinotomy.....	312
d. Sublabial approach.....	315
13. Endoscopic Ethmoidectomy and Antrostomy.....	319
14. Inflammatory Sinonasal Disease .....	339
a. Drainage of septal abscess or hematoma .....	339
b. Antral aspiration and lavage.....	341
c. Caldwell-Luc procedure.....	342
d. External ethmoidectomy.....	344
e. Frontal sinus trephination.....	346
f. Dacryocystorhinostomy .....	348

15. Sphenoid Sinus Surgery .....	353
a. Transnasal transethmoidal sphenoidotomy .....	355
b. Direct transnasal sphenoidotomy.....	358

## ORAL AND PHARYNGEAL SURGERY

16. Surgery of the Tongue.....	367
a. Anterior tongue lesions.....	367
b. Macroglossia .....	369
c. Base of tongue lesions.....	372
d. Frenuloplasty .....	376
17. Tonsillectomy, Adenoidectomy, and UPPP .....	379
a. Adenoidectomy.....	381
b. Tonsillectomy .....	388
c. External carotid artery ligation .....	397
d. Uvulopalatopharyngoplasty (UPPP) .....	402
18. Velopharyngeal Insufficiency .....	407
a. Superiorly based pharyngeal flap.....	408
b. Rolled pharyngeal flap.....	415
c. Posterior pharyngeal wall augmentation .....	417
d. Sphincteroplasty .....	419
e. Lateral port revision, narrowing.....	422
f. Lateral port revision, enlarging .....	424
19. Surgery for Drooling.....	427
a. Submandibular duct relocation with sublingual gland excision.....	427
b. Submandibular duct relocation.....	433
c. Parotid duct ligation .....	436
d. Tympanic neurectomy .....	438
e. Submandibular duct ligation .....	438

## HEAD AND NECK SURGERY

20. Cervical Adenopathy .....	441
a. Percutaneous needle biopsy.....	442
b. Cervical lymph node biopsy .....	448
c. Functional (modified) neck dissection .....	452
21. Deep Neck Infections .....	465
a. Submandibular space drainage.....	468
b. Pharyngomaxillary (lateral pharyngeal) space drainage .....	472
c. Masticator space drainage .....	475
d. Parotid space drainage .....	477
e. Peritonsillar space drainage .....	480
f. Visceral space drainage .....	482
g. Retropharyngeal space drainage.....	482
h. Prevertebral space drainage .....	486
i. Vascular (carotid) space drainage .....	487
j. "Danger" space drainage.....	488

22. Congenital Malformations of the Neck ..... 491

- a. Thyroglossal duct cyst .....491
- b. Cystic hygroma (lymphangioma).....496
- c. First branchial cleft fistula.....499
- d. Pre-auricular pit or fistula.....502
- e. Second and third branchial cleft fistula.....504
- f. Fourth branchial pouch sinus .....507
- g. Fibromatosis colli .....512

23. Salivary Gland Surgery .....515

- a. Parotidectomy.....515
- b. Submandibular gland excision .....526
- c. Plunging ranula excision.....532
- d. Intraoral ranula excision .....536

24. Thyroidectomy .....539

**ENDOSCOPY AND AIRWAY SURGERY**

25. Endoscopy of the Upper Aerodigestive Tract .....556

- a. Pharyngoscopy.....562
- b. Laryngoscopy.....563
- c. Bronchoscopy .....569
- d. Esophagoscopy .....578

26. Tracheotomy.....587

- a. Tracheotomy.....587
- b. Tracheocutaneous fistula closure.....593

27. Surgery of the Larynx and Trachea.....597

- a. Arytenoidectomy .....597
- b. Supraglottoplasty .....602
- c. Glottic web excision .....604
- d. Posterior glottic stenosis repair.....606
- e. Laryngeal separation .....608
- f. Laryngeal decompression (cricoid split) with hyoid interposition .....612
- g. Augmentation laryngoplasty with cartilage graft .....616
- h. Augmentation laryngoplasty with cartilage stent.....620
- i. Segmental tracheal resection .....624
- j. Cricotracheal resection.....626

28. Laryngotracheal Laser Surgery .....633

- a. Epiglottic cysts.....642
- b. Vallecular cysts.....644
- c. Ventricular cysts.....646
- d. Intracordal cysts.....648
- e. Vocal process granulomas .....650
- f. Laryngeal papillomatosis.....652
- g. Laryngeal webs .....654
- h. Vocal cord nodules .....658
- i. Reinke’s edema and vocal cord polyps .....660

j. Laryngeal and subglottic hemangiomas .....	663
k. Subglottic stenosis .....	665
l. Tracheal stenosis .....	668

## PLASTIC AND RECONSTRUCTIVE SURGERY

29. Soft Tissue Surgery .....	671
a. Lip repair.....	678
b. Auricular repair.....	682
c. Nasal repair .....	686
d. Periorbital repair .....	688
e. Parotid duct repair.....	694
f. Facial nerve repair.....	694
g. Scar revision .....	695
30. Auricular Repair for Microtia .....	701
31. Otoplasty for the Prominent Ear .....	717
32. Maxillofacial Trauma .....	727
a. Coronal incision .....	732
b. Superior lid crease incision .....	734
c. Transconjunctival incision .....	736
d. Vestibular or canine fossa incision .....	738
e. Extraoral mandibular exposure .....	740
f. Intraoral mandibular exposure.....	744
g. Maxillomandibular fixation .....	746
h. Rigid internal fixation.....	750
i. Nasoethmoid, naso-orbital ethmoid, and skull base trauma.....	753
j. Bone grafting.....	758
33. Cleft Lip and Cleft Palate Repair .....	763
a. Unilateral cleft lip repair .....	765
b. Bilateral cleft lip repair .....	770
c. Unilateral lip adhesion.....	775
d. Bilateral lip adhesion .....	778
e. V to Y pushback palatoplasty.....	782
f. Two-flap palatoplasty.....	785
g. Double reversing Z-plasty (Furlow palatoplasty).....	788
34. Craniosynostosis .....	791
a. Unilateral coronal craniosynostosis .....	794
b. Bicoronal craniosynostosis .....	796
c. Metopic craniosynostosis .....	798
d. Sagittal craniosynostosis.....	800
e. Lambdoidal craniosynostosis .....	802
